
**ONE DAY STATE LEVEL WEBINAR ON 'WOMEN AND NATURE : IN THE
PERSPECTIVE OF ECOFEMINISM'**

Organised by **Equal Opportunity cell** (formerly Women Cell), Hooghly Women's College

Date : 14.07.2021

Time : (11AM-1PM)

Speaker 1 : Dr. Sanchali Banerjee, Assistant Professor in Philosophy, Bejoy Narayan Mahavidyalaya, Itachuna, Hooghly

Speaker 2 : Dr. Joydeep Saha, Assistant Professor and Head (UG and PG), Department of Geography, Bijoy Krishna Girls College, Howrah

Theme of the webinar :

Ecofeminism, also called ecological feminism, **branch of feminism that examines the connections between women and nature.** Its name was coined by **French feminist Françoise d'Eaubonne in 1974** to raise awareness about interconnections between women's oppression and nature's domination in an attempt to liberate women and nature from subordination. Ecofeminism uses the basic feminist tenets of equality between genders, a revaluing of non-patriarchal or nonlinear structures, and a view of the world that respects organic processes, holistic connections, and the merits of intuition and collaboration. To these notions **ecofeminism adds both a commitment to the environment and an awareness of the associations made between women and nature.** Specifically, **this philosophy emphasizes the ways both nature and women are treated by patriarchal (or male-centred) society.**

One of the **first ecofeminist movements in India occurred in the 1970s, known as the Chipko Movement,** the movement aimed to be **a non-violent protest against deforestation in the region of Uttarakhand.** The term chipko means to embrace. It was one of the **first movements where the majority of the leaders were women, who were protesting against the loss of natural resources in Uttarakhand.** In the 1960s and 70s there was mass felling of trees in the Himalayan region due to a rise in demand for commercial logging. Many deciduous forests in the region were felled and this led to waterlogging and loss of natural soil cover. It impacted the women in the region since they remain the primary resource managers. As a response to the rising commercialisation and reduction of forest cover the women in the region of Reni in Uttarakhand silently protested by embracing two thousand trees that were scheduled for felling.

মাপকাঠিতে আলোচনায় প্রবেশের অধিকার আমার ছিলনা। কিন্তু মাননীয় সংগঠকদের অনুমতিতে
আলোচনা শুনতে আমার প্রবেশ আর অনধিকার রইলো না। আমি সংগঠকদের প্রতি কৃতজ্ঞ, এরকম
এক আলোচনা শুনে নিজেকে সমৃদ্ধ করার সুযোগ পাওয়ার জন্য। আয়োজকদের প্রতি ধন্যবাদ। তিন
ছাত্রীও ভালো উপস্থাপন করেছেন। আজকের শিক্ষা ছাত্রীরা নিজ জীবনে প্রয়োগ করার ভিতর দিয়ে
সমাজকে এগিয়ে নিয়ে যাবে এ আশা রাখি।
